Amit gets an SMS saying ₹15,000 has been deducted from his credit card for a purchase he did not make. He receives a call from a person claiming to be from his bank, offering to reverse the charge if he shares his OTP.
What is the safest action for Amit?

a

Share the OTP with the caller to reverse the transaction

b

Call his bank using the official number to report unauthorized use

c

Wait and see if the bank reverses the charge automatically

d

Accept the loss, as fraud prevention is difficult
